

## Problem Googol

Input file:        standard input  
Output file:      standard output

Given two positive integers  $A$  and  $B$ , would you kindly compute their sum  $A + B$ ?

### Input

On the only line of the standard input there are two space separated positive integers,  $A$  and  $B$ .

### Output

On the only line of the standard output you will print the sum  $A + B$ .

### Constraints

- $A$  and  $B$  are positive integers, not exceeding a googol.

### Subtask 1 (33 points)

- $A$  and  $B$  are positive integers, not exceeding 2004.

### Subtask 2 (33 points)

- $A$  and  $B$  are positive integers, not exceeding  $10^{18}$ .

### Subtask 3 (33 points)

- No further restrictions.
